

Saturn (Saturday)

Jupiter
(Thursday)

Moon (Monday)

Mars
(Tuesday)

Mercury
(Wednesday)

Sun
(Sunday)

Venus
(Friday)

Start on the dot for today's day and then draw a line to the next day's dot, and then the day after until you get back to where you started. For example, if today Monday (Moon) draw a line to Tuesday (Mars) and from there to Wednesday (Mercury). Keep going until you get back to where you started.
